

NURI CETIN

DEVOPS & CLOUD ENGINEER

CONTACT

EMAIL

mehmetnuricetin@gmail.com

LOCATION

Stockholm, Sweden

SKILLS

Cloud Platforms

Microsoft Azure, AWS, Red Hat OpenShift, Kubernetes, Docker

Infrastructure as Code

Terraform, Azure Bicep, PowerShell, CloudFormation

CI/CD & Repos

GitHub Actions, Azure DevOps Pipelines, Azure DevOps Repo, Git

Identity & Systems

Azure Active Directory, Azure AD Connect, Active Directory, Hyper-V, Linux

LANGUAGES

Swedish — Full Working Proficiency

English — Full Working Proficiency

CLOUD BADGES

AZURE CERTIFIED

Solutions Architect Expert

AZURE CERTIFIED

Administrator Associate

RED HAT CERTIFIED

OpenShift Administrator

Innovation-driven Cloud & DevOps Engineer specializing in scalable cloud native infrastructure, automated deployments, and governance solutions. Proven expertise in designing robust architectures across multi-cloud environments (Azure/AWS) and container ecosystems with a strong emphasis on Infrastructure as Code (IaC), efficiency, and compliance.

EXPERIENCE

DEVOPS ENGINEER

2025 - Present

Vivicta, Sweden

- Orchestrate and manage containerized applications using Red Hat OpenShift and enterprise Kubernetes environments.
- Architect and implement comprehensive multi-cloud infrastructure solutions leveraging modern Infrastructure as Code paradigms (Terraform and Azure Bicep).
- Optimize deployment pipelines and corporate governance configurations to support secure, scalable engineering velocity.

CLOUD DEVOPS ENGINEER

2023 - 2025

Tietoevry, Sweden & Norway

- Designed, implemented, and maintained highly resilient automated continuous integration and continuous deployment pipelines via GitHub Actions and Azure DevOps.
- Collaborated closely with Nordic enterprise clients to enable their cloud adoption journeys and transition workloads to cloud-native models.
- Managed directory synchronization, security baselines, and hybrid identity architectures with Azure Active Directory and AD Connect.

CLOUD ENGINEER

2022 - 2023

CodeWire IT, Sweden

- Developed highly reusable Infrastructure as Code templates and modular deployment configurations to standardize corporate landing zones.
- Administered managed Kubernetes instances (AKS), engineered repositories, and formulated implementation playbooks for engineering squads.

CERTIFICATIONS

Red Hat Certified OpenShift Administrator

Red Hat | Issued Apr 2025

Microsoft Certified: Azure Solutions Architect Expert

Microsoft | Issued Mar 2023

Microsoft Certified: Azure Administrator Associate

Microsoft | Issued Mar 2023

AWS Certified Cloud Practitioner

Amazon Web Services | Issued Jun 2022

EDUCATION

CLOUD & IT-INFRASTRUCTURE ENGINEERING

2021 - 2023

Lernia, Sweden

Comprehensive practical training covering cloud engineering, automation, containerization frameworks, and robust architectural patterns.
